Data Analyst Upwork Job Proposal

Hello Sir/Mam,

I hope you're well!

I'm Bittu Panchal, and I'm an experienced data analyst. I'm well-versed in all tools like SQL, Power BI, Python and Machine Learning. Moreover, my academic education in Master's in Business Administration from reputed college of India, National Institute of Technology, Kurukshetra has also equipped me with excellent technical skills.

When it comes to Machine Learning, I can confidently work on lot of projects. I am passionate about working with different programming languages, and AL, ML and analytical works.

Here are a few my portfolio websites:

- https://sites.google.com/view/bittupanchal/home
- https://github.com/BittuPanchal

I'm sure that I can deliver the results as per your requirements in a timely manner. I can work
30 hours a week at a price of $20 per hour to make your projects successful ones.

I look forward to discussing this project with you.

Sincerely
Bittu Panchal
